I have the honour to forward herewith letter No H C 1/48-49 dated the 5th July 1948 received from the President Town Municipal Council Sagar soliciting sanction to the entertainment of 4 (four) scavengers and for purchase of 4 night-soil carts for the removal of night soil from private latrines and to state as follows

The President Municipal Council Sagar has in his letter No H C 1/48-49 dated 5-7-48 detailed the necessity for retaining the scheme as an experimental measure for a period of one or two years before introduction of a Special Conservancy System by retaining sanction for the levy of a special cess. For this purpose the Council has resolved to divide the town into 4 divisions and appoint one Scavenger for each division with a night-soil cart for transportation. The provision has been made for this expenditure in the budget of 1948-49 which has been submitted for sanction

I request for sanction for the purchase of four conservancy carts at a total cost of Rs 1000/- and for appointing 4 scavengers in grade Rs 10-1-20 with the usual Dearness Allowance of Rs 12/- per month for a period of one year

enquire why the Municipal Council should incur expenditure out of its funds for the removal of night soil from private houses without the others paying for the amenity when they are paid for doing it by the Municipality for carrying service

& why the Special Sanitary Cart should not be hired simultaneously with the other

being ~~a~~ experimental measure, I am
add why the municipality should
up ~~their responsibility~~ at its ~~cost~~
not levy ~~Sanitary~~ cess when people are
~~Engaging~~ private Scavengers to clean
their latrines at their own ~~cost~~ ~~cost~~
which will result an income to the
municipality —

Of the Service It may
also be explained why it is
proposed to pay the Scavengers
